

NCRS is seeking **two people** to join our team in 2021 to develop and resource a new Catholic Religious Education Curriculum for Aotearoa New Zealand.

(Applications close September 25th 2020)

Position Description 1

RE Curriculum Resource Developer (Years 1 to 6 Specialist)

*(Full-time – Permanent) **Full Position Description available [here](#).***

We are seeking an experienced, creative and theologically knowledgeable teacher to design, write and create quality educational resources to support a new RE Curriculum, particularly at *junior primary* school level. The resource developer will also help develop associated faith formation material for whānau and parishes.

The successful applicant will be able to:

- Distil theological concepts into engaging and accessible resources and activities for young people.
- Create attractive, engaging, accurate and effective material to support teaching and learning in RE.
- Demonstrate flair and a high level of competence with MSWord, PowerPoint and the ability to find and utilise appropriate web-based products to enhance the learning experience.
- Participate as part of the NCRS team in the implementation of a new Year 1-13 RE curriculum. (Requiring a high level of knowledge and understanding of the current RE curriculum.)

Position Description 2

RE Curriculum Resource Developer (Years 7-10 Specialist)

*(Full-time – Permanent) **Full Position Description available [here](#).***

We are seeking an experienced, creative and theologically knowledgeable teacher to design, write and create quality educational resources to support a new RE Curriculum, particularly at the *middle-school* level. The successful applicant will have significant experience of teaching RE at senior primary and/or junior secondary level. The resource developer will also help develop associated faith formation material for whānau and parishes.

The successful applicant will be able to:

- Distil theological concepts into engaging and accessible resources and activities for young people.
- Create attractive, engaging, accurate and effective material to support teaching and learning in RE.
- Demonstrate flair and a high level of competence with MSWord, PowerPoint and the ability to find and utilise appropriate web-based products to enhance the learning experience.
- Participate as part of the NCRS team in the implementation of a new Year 1-13 RE curriculum. (Requiring a high level of knowledge and understanding of the current RE curriculum.)
